

OHIO STATE

BREAKING

NEWS

2023 was the first year we named the local Association of the Year!

We want to continue to recognize our local associations who not only provide outstanding services to their memberships, but also support our services with attendance at Ohio State USBC events. Membership services provided to your members will take precedence over support of the state association. Participation in all our events will be based on the 2022-2023 season. Please complete the enclosed form and tell us what makes your association unique and the ways in which you serve your membership.
